## WOODSTOCK

## SWINDERBY

In July we celebrated the students leaving Swinderby with a Hawaiian themed ball, all the gentlemen dressed up in colourful shorts and shirts and dresses for the ladies. Entertainment was in the form of live music, balloon modelling, giant bubbles and circus skills. The students interacted and participated in some of the circus activities on offer.

A group of students went to Waddington Air Show and loved the site and sound of all the aeroplanes carrying out the displays.

For our younger group of students they went for a day out with Thomas, again this proved successful!

At a more leisurely pace the students went to Picnic in the Park where they were allocated a private gazebo, listening to the live music which they had boogie too and had a try at the various side stalls and finished off with an ice cream.

## ACACIA HALL

During the last month the young people at Acacia have celebrated their achievements in school with a graduation presentation and then a ball in the evening with a theme of the "Oscars" everyone had a superb time.

With the excellent weather that we have had through the past few weeks we have been able to get out and about to Scarborough and the coastal areas including traveling by train and bus, enjoying seeing the sights, playing, walking and relaxing on the beach with a picnic or calling at the local hostellers for a meal, there have been cycle rides, visits to the theatre, cinema and local nature parks, Knowsley Safari Park and Eureka which were enjoyed by all.

## SUMMER FAYRE

The Summer Fayre returned to Acacia Hall this year on Sunday 13 July and after the initial scare that we would have torrential rain it turned into a complete success and the weather was sunny.

The children, young people, adults, staff and families enjoyed participating in various activities and stalls which included inflatables, various stalls with games, glitter tattoos, face painting and the ever popular tombola and toy tombola. Everybody enjoyed food and beverages from the BBQ, cream tea, cakes and biscuits, ice cream, Pimms with strawberries and cream and slush puppies. The raffle had exceptionally high quality prizes donated again this year. Other stalls included Julia's Craft (high quality home-made items), DVD and book stall, school recipe book, craft stall (items made by children and young people) and bird feeders. We also sold tea towels with drawings from the children and young people. If you would like to purchase one please get in touch with the receptionist at either Swindorby or Acacia and they will send you a form. Andre's jazz band provided the music for the fayre which was superb as usual.

You will all be pleased to know the fayre managed to raise £3,478.00 (and rising) for our children and adults so a really big thank you to staff, friends and family for making this day happen!

These funds enabled us to buy our children and adults bikes, iPads, PS3, a Guinea Pig and hutch this year among other things such as days out. So you can see this is a really worthwhile event.

Watch this space for information about the Christmas Fayre!

## SUILLEAN house/ TIGH NAVEEN

This month we have used the nice weather to our full advantage and have been to the seaside to have sand castle making competitions including the usual seaside activities of doughnuts, fish and chips and a few rides. Mostly everyone at Suillean and Tigh Naveen went to the Heckington Show which is a popular weekend round here!

## AN CALADH

## TIGH BRUADAIR

July for Tigh Bruadair has been a very busy month particularly with the arrival of the summer sunshine. All residents have enjoyed making the most of that and as a result have been enjoying activities both in the homes extensive garden as well as out and about in the community.

Cleethorpes has been a particular favourite destination where several residents have enjoyed the beach and seaside along with fair rides and amusements where plenty of fish and chip suppers as well as picnics have been consumed!

## AN DARACH

July has brought great weather to the Kisimul summer fayre and lots of activities that have been enjoyed. All went to the Waddington Air Show which was a great day out. We have taken advantage of the great weather and had lots of BBQ's and enjoyed time in the garden on the trampoline and in the paddling pool.

## BLYTHE house

## TIGH GRIANAN

## CALA SONA

The residents have been enjoying the good weather with lots of trips out, walks and of course trips for ice cream. Activities have remained of plenty these have included 1:1's shopping, pub visits, attending parties, a new club, meals out, and picnic/park visits as well as all regular activities being a big hit. All very much enjoyed the summer fayre and a bowling event where the winner won a trophy, ongoing is organising a part time voluntary job at the local garden centre for two residents and sourcing a local allotment.
