

KISIMUL GROUP LTD

COMPANY HEALTH & SAFETY POLICY STATEMENT

Kisimul Group Limited. recognises under the Health and Safety at Work Act 1974 that it has a legal duty to ensure, so far as is reasonably practicable, the Health, Safety and Welfare of all its employees and the Health and Safety of other persons who may be affected by its work..

It is our intent to demonstrate an ongoing and determined commitment to improving health and safety at work throughout our organisation. This will be achieved by the promotion of a positive Health and Safety culture at all levels within the Company. Senior management will demonstrate strong leadership in health and safety and will ensure that health and safety issues are identified, assessed and managed.

Systems will be in place for employees to be empowered to raise health and safety concerns with management. Adequate resources will be provided to ensure all our staff, Sub-contractors and Stakeholders are aware of this policy and committed to its effective implementation.

There will be active open communication and consultation between all our Staff, Sub-contractors and Stakeholders. Health and safety will be integrated into our communications wherever appropriate and as an agenda item for meetings

We will assess the risks and associated hazards in the workplace. All our employees will be informed of the health and safety hazards and the risks that affect their work. We will take action to eliminate, reduce or control risks to an acceptable level and reduce the potential for incidents and accidents. We will require our subcontractors and stakeholders to identify health and safety risks that may impact on our work activities

We will report and investigate accidents, incidents and near misses to drive improvement in our health and safety management. Any lessons learned from such events will be used to take corrective action to prevent recurrences. The board of directors will be kept fully informed of all relevant Health and Safety matters along with a monthly and annual Health and Safety report.

This policy has immediate effect and replaces all previous versions this policy will be reviewed and amended, as necessary.

Margaret Hill
Chief Executive

Arrangements

Index

1. Policies and procedures
 2. Risk Assessments
 3. Health and Safety Committee
 4. Training
 5. First Aid
 6. Fire Procedure
 7. Health and Safety Inspections
1. To eliminate or reduce, as far as is reasonably practicable, the risks posed by hazards in the workplace and to ensure a safe place of work Kisimul Group has policies and procedures in place, in line with the Health and Safety at Work Act 1974. These can be found in staff rooms and employees must make themselves familiar with these. The policies and procedures can also be accessed via the computer on Kisimul shared folders for those who have access to it. Health and Safety posters can be found in each building and any Health and Safety advice can be obtained from the Health and Safety Manager and their department.
 2. Risk assessments are in place to highlight any risks with the measures and controls in place.
 3. To ensure that Kisimul Group's aims and objectives are met and to show our commitment to Health and Safety, employees are represented by a Health and Safety Committee. Regular meetings are held where representatives can bring matters of Health and Safety voiced by the workforce to the attention of Kisimul Group.
 4. Any relevant training will be given on commencement of employment and all employees will be provided with information, instruction and supervision.
 5. Relevant employees are given basic emergency first aid training and a list of First Aiders can be located at the entrance to each building. All accidents and incidents are recorded and books are kept at various locations. These will be outlined to the individual on their Health and Safety induction. The Health and Safety department are responsible for reporting certain accidents, diseases and dangerous occurrences to the enforcing authority in line with Reporting of Injuries, Disease and Dangerous Occurrence Regulations 2013 (RIDDOR) and investigating these to ensure safe working conditions are being followed.
 6. Emergency procedures for fire and evacuation are maintained and monitored by the Health and Safety Manager. Employees will be given a fire safety induction at the beginning of their employment.
 7. Health and Safety is actively monitored with monthly inspections and spot checks to ensure our safe working practices are being followed, with any significant changes brought in.

THE BOARD OF DIRECTORS

The Board of Directors accepts formally and publicly its collective role in providing Health and Safety leadership to the organisation.

The Board recognise that strong leadership is vital in delivering effective Health and Safety Risk Control and is committed to continuous improvement in Health and Safety performance.

The Board expects all Directors, Managers and employees to work in a way which reinforces the Company's commitment to Health and Safety.

The Board will ensure business decisions which have Health and Safety implications reflect the Company's Health and Safety intentions as contained within this Policy.

The Board recognises its role in engaging the active participation of employees in improving Health and Safety.

The Board also recognises it needs to be kept informed of relevant Health and Safety Risk Management issues and will establish mechanisms by which it is kept informed.

CHIEF EXECUTIVE

The Chief Executive has ultimate responsibility to the Board for all aspects of Health, Safety and Welfare within the Company and also for the implementation of this Policy. In particular they will:

Ensure that appropriate systems are in place to enable the Company to discharge its responsibilities for Health and Safety.

Accept their individual role in providing Health and Safety leadership for the organisation by ensuring that actions and decisions at work always reinforce the Company's commitment to Health and Safety.

Promote the understanding that Health and Safety is an integral part of the Business and operating efficiency of the Company.

Be responsible for ensuring that the Directors, reporting directly to them, are familiar with the aims of this Policy and are given the time, resource, support and encouragement to implement this Policy in their own area of control.
